Photo by Michael Terry

This photo is another masterpiece from Michael Terry, publisher and photographer of Aviation Legends calendars of Santa Paula. Top to bottom: Archibald B being flown by Bruce Dickenson with Clayton Graves in the right seat. Pete Mason flying "White Bear" and Chub Trainor in his 1938, Model 8/11 over Lake Casitas, near Ojai in southern CA. This was a cover picture back in the 90's when Bruce and Janice Dickenson ran our newsletter.
