1938 Howard DGA -11 S/N88 N57E. One of four Model 8's ordered by the Bureau of Air Commerce in 1938. All were delivered by August of that year. These were used by the CAA Airline Inspection section and had Wright Whirlwind engines, 760E-2. S/N88 original registration number was N58. Bob Younkin, brother of Jim, converted it to a Model 11 with the installation of the P&W 985. Bette & Chub Trainor, of Santa Paula CA, have owned her since May of 1985 and finished the restoration in 1988. She looks as good today as she did back then.
